PU - Polyurethane | **TPU** - Thermoplastic Polyurethane
EVA - Ethel Vinyl Acetate | **PUR** - Polyurethane & Rubber

Our RotoFlex #8066 may be light in colour, but it packs a protective punch—the broad fitting steel toe cap is made for cut and impact resistance. Paired with the GripTek® Heavy Duty sole for underfoot stability and SoftCell® comfort system, these boots will keep you going all day, every day.

- Saddle Brown water-resistant leather upper safety boot—150mm height
- Seven rows of lacing hardware, including lace locking device
- Laces are manufactured from recycled PET
- Durable, heavy duty zip with industrial grade zip fastener
- Lining made from recycled PET offers moisture wicking and long lasting performance
- Streamlined TPU toe guard for added leather protection

INFINERGY® —E-TPU, a super elastic energy foam that is soft but resilient, providing enhanced cushioning and reducing the impact of every step.

GRIPTEK® HD —biomechanically designed TPU outsole designed for optimum grip and stability.

- high-abrasion resistance and heat resistant to 140°C
- fuel oil resistant
- highly resistant to hydrolysis and microbial attack

FORTASHIELD —broad fitting, cut-resistant steel toe cap tested to resist a 200 joule impact.

AIRCELL —uniquely constructed zoned airflow footbed is designed with specialised breathing channels to activate ventilation, moisture control and provide full-body cushioned comfort. The footbed is anti-bacterial, washable and breathable.

SOFTCELL®—the overarching comfort system utilising a combination of specialist materials and the unique biomechanical foot-cradling design to increase stability, balance, comfort and manoeuvrability. Designed to help reduce the risk of trips, slips and falls.
